Data Analytics Professional Certificate

April 2023

Google, Online

- Completed extensive job-ready Google Career Certificate training.
- Demonstrated hands-on experience with data cleaning (SQL/Excel), data visualization (Tableau), project management, interpreting, and communicating data analytics findings (PowerPoint).
- Proficient in transforming complex data into actionable and clear insights using pivot tables.

CFA Exam Level 1 Candidate

2024

CFA Institute

- Demonstrated proficiency in financial modeling techniques, constructing comprehensive models to evaluate investment opportunities and inform strategic decision-making processes.
- Utilized Python programming to create Monte Carlo simulations, optimizing portfolio asset weightings and enhancing analytical capabilities in investment analysis.

WORK EXPERIENCE

RCA Specialist & Data Analyst

June 2023 – Present

US Bancorp, Columbus, OH

- Develop and maintain Key Performance Indicator (KPI) dashboards to drive decision-making, providing valuable insights for process enhancement.
- Develop processes and procedures for testing systemic issues while insuring sustainability in the pursuit of resolution.
- Automated data processing tasks and workflows using Python scripting and Excel macros, significantly reducing manual effort, and increasing efficiency in data management processes by 90%.

Construction Worker & Team Lead

January 2019 - Present

Freelancer, Columbus, OH

- Develop Discounted Cash Flow (DCF) models for property acquisition, incorporating key financial metrics such as Net Present Value (NPV), Internal Rate of Return (IRR), and cash flow projections.
- Manage project timelines, material procurement, and workforce allocation.
- Lead a 3-man crew in constructing indoor and outdoor residential construction projects on time and under budget.

Retail Sales Associate

April 2020 – August 2020

DICK'S Sporting Goods, Columbus, OH

- Collaborated with colleagues across different departments, gaining exposure to diverse operational functions within the store.
- Demonstrated exceptional communication by effectively conveying the benefits of product to customers.
- Applied a customer-centric approach, actively listening to their needs and tailoring recommendations.
